

Explore Career Paths on *RecruitMe*

Before students can choose the right career, they should have an opportunity to learn about the different occupations and careers that are out there.

RecruitMe wants to help with that. We have provided a tab on our website that is called “Explore Career Path” where you can look at over 5,000 posted videos of individual careers. This section allows us to start our High School Recruiting efforts.

We are asking to interview and film your careers with only three questions:

1. What do you do?
2. Why do you do it?
3. What education, training and experience is required?

We want to know about your career.
